

# Shim Keepers

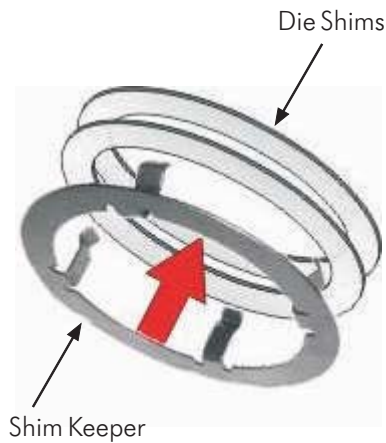

**For Your Punch Press Machine**

- Reduce set-up time
- Easy setting of shims to die
- Keeps dies at correct height

## Shim Keepers

"A" & "B" Stn

"A" Station

"B" Station

## Reduce Set-up Times & Increase Productivity.

- Easy & secure setting of shims to die
- Following maintenance, shims can be stored with the die ready for immediate use, dramatically reducing set-up time
- Reduces risk of shims being left in die holder
- Shim keeper also functions as a shim
- Compatible with the PDC machine (Automatic tool changer)
- "A" & "B" Station sets available  
1 off set comprises the following:
  - 5 off shim keeper      0.5mm Thickness
  - 5 off die shim          0.2mm Thickness
  - 5 off die shim          0.4mm Thickness
